# CLASSWORK

Week 3

Flutter Layouts & Interactivity

- **Given Code**
  - All codes (Layout & Interactivity) covered in class must be included.

Flutter Layouts & Interactivity

- Result

Flutter Layouts & Interactivity

- Change Layout
  - *Remove the appBar and make 5 buttons using **buildButtonColumn()***

    (material icon: call, message, email, share, description)
  - *Change the Color of each Button and text (Color: black)*
  - *Especially, in **buttonSection** Container needs padding*

    (**EdgeInsets.fromLTRB(10.0, 10.0, 10.0, 10.0)**)

    (ref. https://docs.flutter.io/flutter/painting/EdgeInsets/EdgeInsets.fromLTRB.html)
- Change Interactivity part
  - *Change the text as shown **'Result'** above & change the color of star icon (Color: yellow)*

    *(Use your **NAME** and **STUDENT NUMBER**)*

Flutter Layouts & Interactivity

- ■ Add Divider
    - – *Add Divider under the **titleSection** and **buttonSection***

      *(**Height: 1.0, Color: black**)*

      (ref. https://docs.flutter.io/flutter/material/Divider-class.html)

Flutter Layouts & Interactivity

■ Change textSection (Red Box)

– *EdgeInsets.all(32.0) is applied all over textSection widget*

– *Place the Icon on the left and the text on the right*

– *Icon : Icons.message, size: 40.0*

– *'Recent Message" is FontWeight.bold*

– *Use CrossAxisAlignment.start each row and column*

– *In right text part, apply padding as EdgeInsets.fromLTRB(10.0, 0.0, 10.0, 0.0)*
